8 th February 2023	
9 th February 2023	Curriculum Design, Development and Enrichment
10 th February 2023	

About the Workshop

Curriculum is the major driving force of any educational institution and plays a decisive role in achieving the goal as set by the nation. The curriculum of higher education institutions need be multidisciplinary and interdisciplinary focusing on development of skills essential for sustainable living and global practices of 21st century. Curriculum has to modified time to time keeping in mind the socio-economic, political and technological changes around the globe. Hence proper designing and development of a learner-centric curriculum and its continuous enrichment is extremely essential.

As per the mandate of National Education Policy 2020 large multidisciplinary higher education institutions need be established in or near every district by 2030. Such institutions should not only run different disciplines but these disciplines will function in close contact or will develop creative combinations by means of developing innovative multidisciplinary programmes which can address the multiple challenges of the society in the most befitting manner and India will again emerge as the knowledge superpower. It is essential to design and develop multidisciplinary curriculum with special focus on innovative experiential pedagogies and a well-designed assessment procedure that will truly reflect the extent of attainment of the learning outcomes ultimately contributing towards working and innovating together. This workshop hence aims at developing the knowledge and skills of the higher education teachers on the concept of curriculum planning, designing & development and with appropriate linkage to graduate attributes, development of programme/course learning outcomes and its mapping with course contents. Further the workshop will also focus on the process of enriching the curriculum and the role of teachers in this regard.

About the University

The Central University of Punjab, Bathinda is established in 2009 along with other new Central Universities by an Act of Parliament (No 25, of 2009). The University is accredited with 'A' grade from NAAC. The Central University of Punjab is the youngest university that has secured 81th Rank in the University category in NIRF Ranking 2022. It is credited with highest per capita research funding. The university has a mission of providing a wide range of instructional and research facilities across integrated and cross-disciplines, promote innovation in teaching, learning and research, and cross-pollinate new ideas, new technologies and new world-views. It aims to create an ignited workforce responsive to regional, national and global needs in tune with the requirements of academia, industry and business.

Course Objectives

The workshop will develop the understanding of the higher education teachers on curriculum designing, development and the processes involved in its enrichment and skills involved in shaping the curriculum of their discipline as per the mandates of NEP 2020.

Key Features of the Workshop

- Concept of curriculum and process involved in its designing and development.
- Processes involved in the enrichment of the curriculum.
